Exceptional Educational Opportunity

SACRS Public Pension Investment Management Program 2019

Are you ready for an immersive, profoundly impactful learning experience? Here's your chance, as you join fellow public pension trustees and retirement staff for SACRS' Public Pension Investment Management Program 2019, taking place July 22–24. Entitled "Modern Investment Theory and Practice for Retirement Systems," the program is presented in partnership with the UC Berkeley Executive Education at the Haas School of Business. This exclusive three day program is designed for SACRS trustees and staff that aspire to better understand current investment theory and practice.

The SACRS Public Pension Investment Management Program blends the expertise of the University of California, Berkeley-Haas School of Business's distinguished faculty with a network of industry experts to teach the fundamentals of public pension management. As the spotlight on public pensions grows hotter, trustees and staff are increasingly challenged to grapple with alternative investments, policy and governance changes, cost pressures, and much more. After completing this program, attendees will understand the larger context and history of public pension funds and will have enhanced skills and knowledge to improve decision-making.

Over the course of the three day program, attendees will have the opportunity to explore the predictability of asset returns, review the role of fixed income in the pension portfolio, take a look at how real estate fits into the pension portfolio mix, delve into private equity's new landscape, study the new math of hedge funds, and more. For the complete program see the facing page.

Located in one of the most stimulating business environments in the world, the Berkeley campus is at the intersection of business and academia. Berkeley-Haas is renowned for developing innovative business leaders—individuals who redefine the business landscape by putting new ideas into action in all areas of their organizations.

This is such a rich opportunity for extended learning and presented so conveniently in a concise package, maximizing your time and effort. Education is the cornerstone of SACRS' mission. The UC Berkeley Executive Education staff along with the SACRS Affiliate team is committed to the continual development and delivery of content that is current, innovative, results-driven, and responds to the needs of public pension trustees and staff. Attendees in this program will not only gain new insight and knowledge, but also will add to the core strengths of our organization—the range of expertise and the diversity of perspective found in our public pension community.

We urge you to consider participating.

Sincerely,

Dan McAllister

“Successful Retirement Plan Managers recognize innovation as an opportunity to maximize the creation of value.”

The strength of the Berkeley-Haas School of Business is expressed in its motto, “Leading through Innovation.” Successful Retirement Plan Managers recognize innovation as an opportunity to maximize the creation of value. This program focuses on individual, team, and organizational levels of innovative potential.

The Public Pension Investment Management Program is carefully designed to give participants the tools, knowledge and networks they need to master their particular challenges. Bringing perspective from their own Retirement Plans to the program, and exposed to that of their peers, participants have the opportunity to further define and develop their knowledge and objectives under the guidance of the same faculty who teach in Berkeley-Haas’s renowned Masters of Financial Engineering program, including top finance experts John O’Brien, Thomas Gilbert and Greg LeBlanc.
