Bitcoin, Sound Money, and Institutional Adoption |
A Candid Conversation with Adam Back

If you're curious about the potential of Bitcoin, listen in as Adam Back—one of the earliest contributors to Bitcoin and inventor of Hashcash—offers institutional investors a firsthand perspective on Bitcoin's technological foundations, its role as digital sound money, and the implications of its institutionalization. This session will provide strategic insights for allocators seeking to understand Bitcoin's long-term value proposition as a hedge against monetary debasement and systemic risk.

Gina Sanchez, Chief Executive Officer, Chantico Global, LLC will participate as Guest Moderator for this insightful session.
