Take A Virtual Farm Tour With Carl Evers

Carl B. Evers, Jr. is an Accredited Farm Manager with vast operational knowledge and expertise of permanent and row crops and water in the Pacific West. In this engrossing session, Carl takes SACRS on a virtual farm tour to explore California's agriculture industry. Throughout his presentation, he shares his nearly half century of experience managing agricultural operations and developing practices to manage scarce water and energy resources, while nourishing the world through healthy protein, boosting local economies through job creation, and supporting commerce across the entire value chain.
