RE: Legislative Update – October

The 2026 California legislative session has officially wrapped, with the Legislature sending 1,160 bills to Governor Gavin Newsom for final action. The Governor ultimately signed 1,040 bills and vetoed 120, meaning approximately 90% of measures reaching his desk were signed and 10% were vetoed.

Among the most significant actions for SACRS was the veto of AB 1383, which would have lowered the full-retirement age for public safety employees from 57 to 55 and permitted increased pension formulas. The bill passed the Legislature with strong bipartisan support, receiving votes of 33 - 0 in the Senate and 69 - 2 in the Assembly. In his veto message, the Governor noted the bill's impact on PEPRA reforms and its significant implications for state and local finances. Newsom also vetoed AB 1054, which addressed a deferred retirement option program and public employee health benefits. On infrastructure and disaster recovery, the Governor vetoed SB 872, which would have provided additional funding for Delta levee improvements, citing funding already included in the budget. He also vetoed two wildfire insurance claims measures while signing other reforms intended to strengthen protections for policyholders following disasters.

The Governor's broader actions included signing legislation prohibiting marriage for anyone under 18; measures addressing immigration enforcement; new laws governing artificial intelligence in the workplace and health care; and measures intended to strengthen competition and streamline business permitting. He also signed AB 2222, establishing refundable tax credits for local news organizations, and SB 895, placing a $7.5 billion state research bond on the March 2028 ballot.

With final bill actions complete, attention shifts to implementation and preparation for the 2027–28 legislative cycle. Focus is also turning to the November election and the upcoming transition to a new Governor and administration, whose priorities will help shape the state's approach to pension policy, local government funding and other issues important to SACRS members.

Legislative Update:

- **AB 1054 (Gipson)** - Creates the Deferred Retirement Option Program (DROP) – a voluntary program – for California Public Employee's Retirement System (CalPERS) safety plan members of State Bargaining Units 5 (Highway Patrol) and 8 (CAL FIRE). The bill also states that the DROP becomes effective and applicable only after: 1) the applicable Bargaining Unit has entered into a MOU with the employer to implement the program; 2) The program has been certified via an actuarial analysis that it is cost neutral by the CalPERS Board of Administration; and 2) CalPERS has adopted regulations to implement and administer the program.
    - Status: The bill passed out of the Legislature and was vetoed by the Governor. In his veto message the Governor noted that the design and establishment of a DROP is more appropriately handled through the collective bargaining process.
    - Position: No Position/Watch

- **AB 1383 (McKinnor)** – The bill includes the following provisions:
    - Increases, on and after January 1, 2027, the PEPRA pensionable compensation limit to the Social Security compensation limit for members covered by Social Security and 120% of that amount for members not covered by Social Security;
    - Freezes existing 2013 PEPRA safety formulas to apply only to service from January 1, 2013, to December 31, 2026 and lowers the retirement age on a prospective basis from age 57 to 55 for three existing safety DB retirement formulas;
    - Authorize a public employer to create a fourth PEPRA safety formula of three percent (3%) at age 55, to be applied prospectively.
    - Amendments earlier this year removed a provision that would have permitted collective bargaining over the 50-50 normal cost sharing requirement.
    - Status: This bill was vetoed by the Governor
    - Position: Neutral

- **AB 1439 (Garcia**) - The bill would have required labor protection standards on pension system investments in development projections. The bill was amended coming out of the Assembly to require CalPERS and CalSTRS to contract with the University of California Labor Centers to conduct an

independent study to determine the impacts on public employee retirement funds of prohibiting the boards from investing in California development projects that do not provide labor standards protections for workers. The bill no longer applies to the CERL systems and removes SACRS' opposition.
    - Status: The bill passed out of the Legislature and was signed by the Governor.
    - Position: No position/watch

- **AB 1601 (Rogers)** – This bill would permit the Sonoma County Board of Supervisors to authorize a cost-of-living adjustment to the retirement allowances, optional death allowances, or annual death allowances payable by the retirement system.
    - Status: This bill passed out of the Legislature and was signed by the Governor.
    - Position: Neutral

- **AB 1619 (Valencia)** –This bill allows county Boards of Supervisors to authorize an increase in the Board of Retirement trustee per diem from $100 to $320. The bill would then require action by the Board of Retirement to establish the increased compensation rate. This bill was amended to apply the same increase in compensation to CalPERS and CalSTRs Board Members.
    - Status: This bill passed out of the Legislature and was signed by the Governor.
    - Position: Neutral

- **AB 1660 (Schiavo)** – This bill was amended to permit, as opposed to require, a court to award sanctions of no less than $1,000 per violation if a financial institution, private agency, retirement fund administrator, insurance company, or other person fails to comply with existing requirements to provide information or surrender property of a decedent, minor, or conservatee to a public administrator or public guardian that is authorized to take possession and control of such property. Recent amendments require that the financial institution or other person or entity must receive notice of a violation.
    - Status: This bill passed out of the Legislature and was signed by the Governor.
    - Position: No position/watch

- **AB 1844 (Pacheco)** – This bill modifies the Judges' Retirement System II, to give judges more flexibility in designating beneficiaries for their retirement benefits. This bill would authorize a judge who elects one of the optional

retirement payment plans in lieu of receiving the maximum retirement allowance to designate a beneficiary other than their spouse to receive the payment or allowance after the judge's death, subject to the community property rights of the judge's spouse. Additionally, the bill extends existing survivor benefits to non-spouse beneficiaries, removing the stipulation that the judge must have served a minimum of 20 years if they die in office.
    - Status: This bill passed out of the Legislature and was signed by the Governor.
    - Position: No position/watch

- **AB 2519 (McKinnor)** – The bill expands who must be included in the State Teachers' Retirement System (STRS) membership. Under current law STRS administers a defined-benefit retirement program funded by employer and employee contributions and applies to positions that generally require a valid credential or license; charter school positions were excluded. This bill adds permitholders and comparable positions at charter schools that receive state apportionment and perform specified directing, coordinating, supervising, or administrative functions to the definition of "position subject to membership." It also removes a board-triggered timing requirement and makes the new definition operative on July 1, 2027.
    - Status: This bill passed out of the Legislature and was signed by the Governor.
    - Position: No position/watch

- **AB 2780 (Assembly Committee on Public Employment and Retirement) –** Public Retirement Systems: Omnibus Bill - This bill includes the SACRS-sponsored legislative package in the Legislature's annual omnibus bill for technical changes to laws affecting CalSTRS, CalPERS, and the CERL systems. The proposed changes in the CERL include the following:
    - Clarifying that deferred members cannot run for or vote in active member Miscellaneous and Safety trustee elections.
    - Establishing a 10-year statute of limitations for recovery of overpayments due to fraudulent reports of overpaid death benefits.
    - Formalizing the practice of the majority of CERL systems that only the last system pays a lump-sum burial allowance for reciprocal members.
    - Defining "concurrent retirement" to allow reciprocal members to retire on different dates with 30 days of each retirement date, as long as there is not overlapping service.
        - Status: This bill passed out of the Legislature and was signed by the Governor.

- Position: Support

- **SB 1187 (Durazo)** – This bill was amended to remove the language access requirements established in SB 707 (Chapters 327, 2025). Specifically, the bill would repeal several public participation and language access requirements, including requirements related to translation of meeting materials, interpretation services, multilingual website content, public outreach to underrepresented communities, and opportunities for the public to provide additional agenda translations. It would reduce the administrative obligations placed on eligible legislative bodies related to multilingual access and public engagement.
  - Status: This bill passed out of the Legislature and was signed by the Governor.
  - No position/watch

- **SB 1207 (Laird)** – This bill authorizes CalPERS members to buy back not more than three years of service credit for their prior service in the California Conservation Corps (CCC). The bill also makes changes to CCC's statutes to clarify the scope of authorized projects and to specifically permit CCC to contract with corps established by California Native American tribes
  - Status: This bill was passed by the Legislature and signed by the Governor.
  - No position/watch

RE: SACRS Legislative Proposals 2027

Dear SACRS Board of Directors,

The SACRS Legislative Committee has developed a legislative package for consideration in the upcoming 2027 legislative session. This proposal, called the CERL Modernization Act, reflects the input of SACRS member systems and is intended to provide administrative clarity and consistency for county retirement systems.

The CERL Modernization Act updates outdated provisions in the County Employees Retirement Law of 1937 to reflect modern governance practices, constitutional authority, and longstanding case law. Many of the proposed updates address statutory language that predates Proposition 162 (1992), which granted retirement boards plenary authority over the administration and investment of retirement system assets under Article XVI, Section 17 of the California Constitution. As a consortium of 20 independent county retirement systems, the 1937 Act systems have historically lacked the large legislative staffing resources available to statewide systems such as CalPERS and CalSTRS. As a result, portions of CERL still contain outdated references that no longer align with current constitutional governance standards or operational practice.

The proposed legislation clarifies the retirement boards' authority over administrative and procedural matters, consistent with the recent California Supreme Court ruling *LACERA v LA County*. It does not address retirement system staffing or personnel matters.

Clarifies Governance Roles

- Clarifies the respective roles of Boards of Retirement and Boards of Supervisors.
- Aligns CERL governance authority with constitutional standards established by Proposition 162.
- Aligns Board of Retirement authority more closely with governance standards applicable to CalPERS and CalSTRS.

Modernizes Administrative Authority

- Removes outdated statutory provisions requiring Board of Supervisors approval over actuarial and administrative functions now constitutionally vested in Boards of Retirement.

- Clarifies Board of Retirement authority over actuarial assumptions, contribution rates, administrative regulations, and reserve policies.
- Modernizes election administration and technical statutory provisions.

Promotes Administrative Efficiency

- Streamlines outdated procedural requirements.
- Eliminates obsolete administrative restrictions inconsistent with modern retirement system operations.
- Supports efficient, transparent, and accountable retirement system governance.

Preserves County Authority

- Does not change the authority of Boards of Supervisors to adopt retirement benefit formulas and other benefit provisions.
- Does not alter employer contribution obligations or collective bargaining responsibilities.
- Maintains existing county appointment authority for retirement board trustees.
- Does not alter retirement system staffing or personnel matters.

We thank the Legislative Committee for reviewing these proposals and engaging in a collaborative, deliberative process to achieve consensus on issues. These amendments represent governance and process improvements that will provide administrative efficiencies to retirement systems and members.

A summary table and proposed bill language is attached. Please note that draft language is subject to change during the legislative process.

Respectfully,

/s/

Eric Stern
Chair, SACRS Legislative Committee, and
Chief Executive Officer, Sacramento County Employees' Retirement System

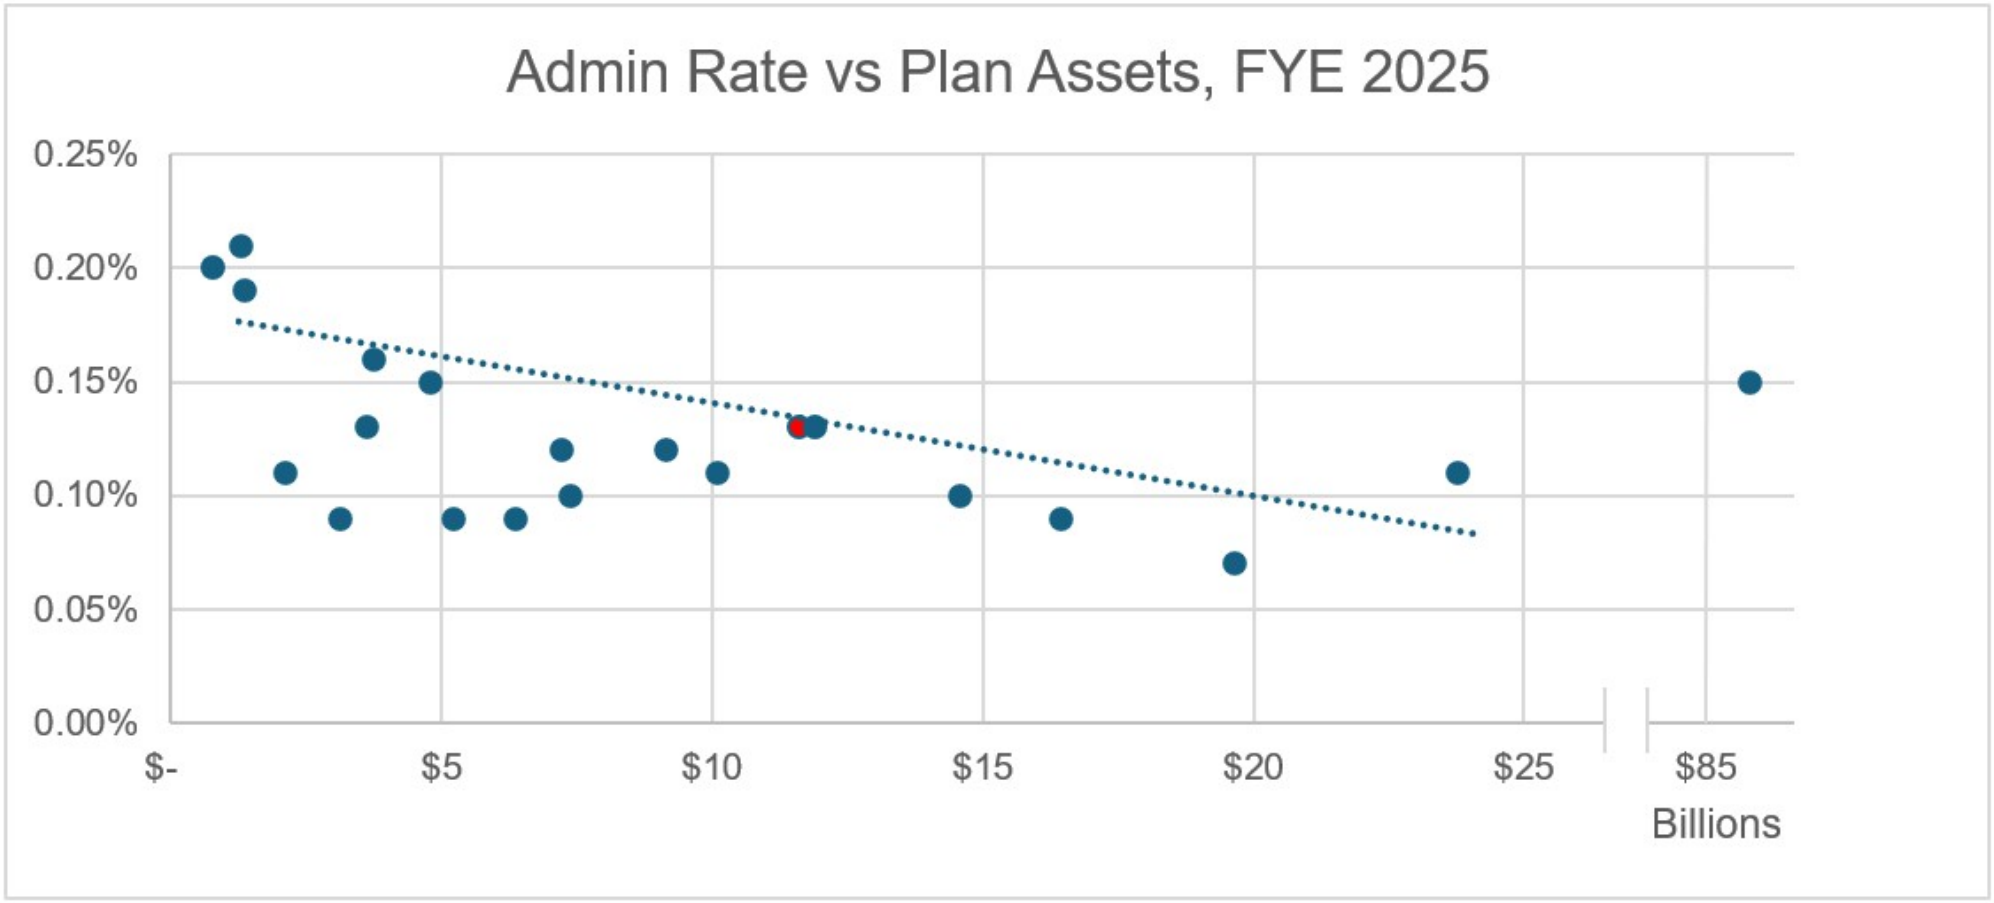

ATTACHMENTS

- SACRS 2027 Legislative Proposal – Summary Table
- Chart: Administrative Rate by System Assets
- SACRS 2027 Legislative Proposal – Draft Language

Issue	Gov Code	Topic	Issue/Justification
1	31452	Garnishments	This amendment corrects an irregularity in state law to clarify that a member's pension is not subject to an Order to Withhold (OTW) from the California Franchise Tax Board, consistent with other retirement systems. Under current law, the following retirement systems are generally restricted from garnishing pension payments by "any other process whatsoever," which include FTB orders: •US Government (5 USC 8346) •CalPERS (GC 21255) •CalSTRS (EDC 22005) •Legislators' Retirement Fund (GC 9359.3) •Municipal Utility District Retirement Systems •Transit District Retirement Systems However, for CERL systems, the Government Code restrictions on garnishments are tied to "any other process of court," which has created confusion over FTB orders because "process of court" refers to orders from the judicial branch of government. The FTB is an executive branch agency and thus not be covered under "process of court. However, it is the common practice of CERL systems to not recognize FTB orders to garnish pension payments.
2	31453	Actuarial valuation	This amendment clarifies that the Board of Retirement need only communicate actuarial information to the Board of Supervisors, updating outdated references that the Board of Supervisors must approve actuarial assumptions. The plenary authority to establish actuarial assumptions and contribution rates rests with the Board of Retirement, under Proposition 162. However, it is still necessary to provide this information to the Board of Supervisors (and plan sponsors) for budgeting purposes and transparency.
3	31456	"Actuarial Equivalent" defined	This amendment updates outdated phrasing from 1947 that refers to the adoption of mortality tables by the Board of Supervisors. The Board of Retirement has plenary authority under Article XVI of the California Constitution to adopt actuarial assumptions.
4	31459 31459.1	Board of Investments cross references	This amendment updates cross references to the LACERA Board of Investments

5	31522	Employer Reimbursement for Trustees	This amendment provides a mechanism for the retirement system, upon adoption by the Board of Supervisors, to reimburse an employing agency of an elected Board of Retirement trustee when the trustee is fulfilling Board duties while on leave from work. This provision creates a pathway to encourage employer support for elected Board Members to attend training sessions to fulfill statutory education requirements. This language is similar to section 20092 for CalPERS elected members, adopted in 1985.
6	31523 31523.1	Trustee Elections	This amendment directs the Board of Retirement, and not the Board of Supervisors, to declare an unopposed board of retirement candidate the winner of the election. More and more CERL systems are not using the Registrar of Voters to conduct elections and are self-administering their board elections.
7	31525	Regulations; approval	This amendment deletes the requirement that Board of Retirement regulations must be approved by the Board of Supervisors. This language is a holdover from when CERL systems were managed as an internal county department, and was adopted prior to the passage of Prop. 162 in 1992, which provided plenary authority to the Board of Retirement. Many county retirement systems have already evolved its practices to adopt "policies" instead of "regulations," which is a distinction in name only. It is not appropriate for the Board of Supervisors to make decisions on practical and procedural administrative retirement matters, when the Board of Retirement is a bona fide administrative rule-making body. The Board of Supervisors still maintains appointment authority for four Board of Retirement trustees and maintains authority to adopt or discontinue numerous benefit options in the CERL.

8	31580.2	Annual budget; expenses of administration	This amendment removes an outdated and unforceable provision that established an administrative cap on county retirement system expenses. The Board of Retirement has plenary authority under Article XVI of the California Constitution and is charged under this section to adopt its own budget using trust fund earnings. The purpose in enacting 31580.2 was to transfer costs of operating the retirement system from the county's General Fund to investment earnings, placing fiscal responsibility in the Retirement Board. Removing the administrative cap provides conformity with CalPERS statutes; the Legislature repealed a similar administrative cap for CalPERS under section 20202.5 (renumbered to 20173) in 1975. The CERL provision has been amended over the years to exclude investment, technology, and legal costs (as well as moving to a threshold based on total liabilities instead of assets) which has made the cap more arbitrary. The Board of Retirement has the appropriate budgetary control to ensure fiscal restraint, and almost all CERL systems adopt administration budgets far below the cap, the exceptions being the smallest systems that lack of economies of scale.
9	31591	Interest credits	This amendment updates outdated phrasing from 1947 that refers to the adoption of mortality tables by the Board of Supervisors. The Board of Retirement has plenary authority under Article XVI of the California Constitution to adopt actuarial assumptions.
10	31611	Actuarial valuation	This amendment removes references regarding Board of Supervisor approval of contribution rates and actuarial assumptions. This is an outdated practice that conflicts with Board of Retirement authority under Article XVI, Section 17, of the California Constitution. This language should have been updated after voters approved Prop 162 in 1992.
11	31612	"Actuarial rate" defined	This amendment updates phrasing to indicate that interest rate assumptions fall under the jurisdiction of and are adopted by the Board of Retirement, not the Board of Supervisors.
12	31615	Interest	This amendment updates phrasing to indicate that mortality tables fall under the jurisdiction of and are adopted by the Board of Retirement, not the Board of Supervisors.
13	31616	Reserve Policy	This amendment removes the 3% cap on reserves and authorizes the Board of Retirement to establish a reserve level it deems appropriate.
